

DIGITALIZATION IN BULGARIA

INTRODUCTION

Digitalisation in Bulgaria. How we are doing it. Where we are leading. Where we need to catch up.

Important aspects

Online
medicine

Digital public
sphere

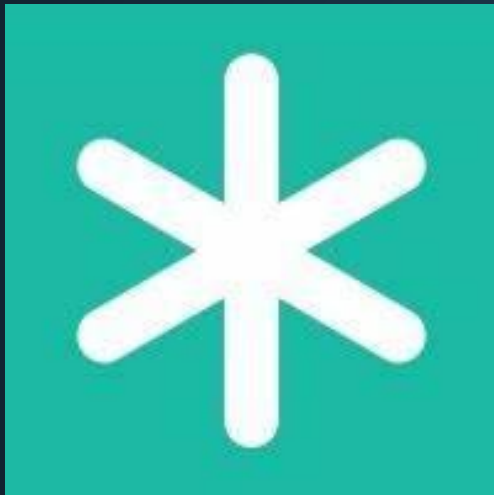

Innovative
education

01

Digital medicine in Bulgaria?

What about online consultations?

Healee

And interventions from distance?

DaVinci robot in Pleven

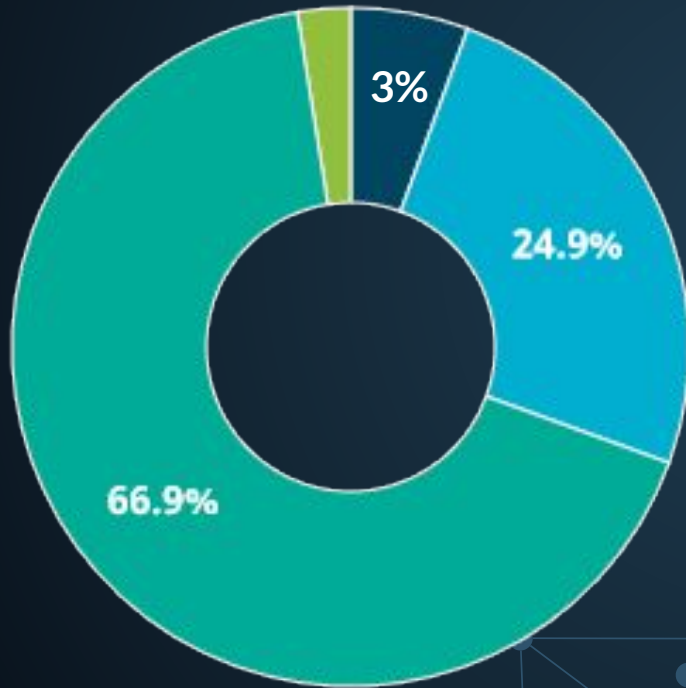

Molecular center in Sofia

The background is a dark blue gradient. It features several abstract geometric elements: a large, complex, multi-layered triangular shape in the top left; a smaller, simpler triangle in the top right; a network of thin lines and dots forming a geometric pattern in the bottom left; and a series of concentric, slightly offset rectangular frames in the bottom right.

02

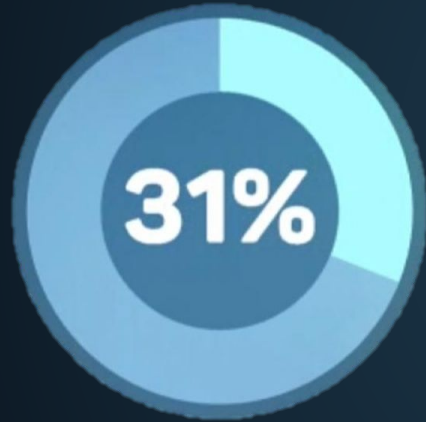

Innovative education

About the teachers' experience in online education before CoVid-19

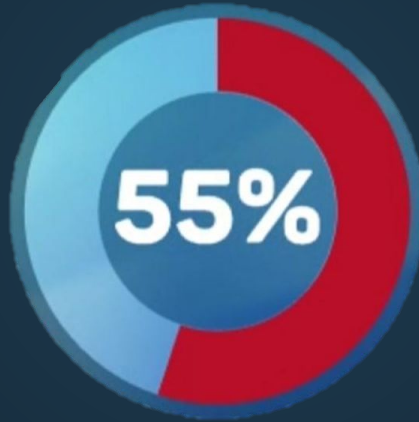

- They have rich experience
- They have some experience
- They are not experienced
- The school hasn't switched to online yet

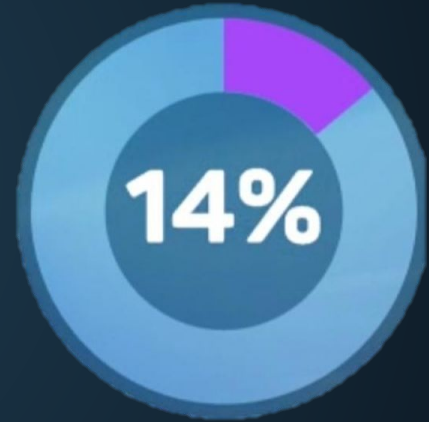

Should elements from online education be further kept after the pandemic?

Yes

No

I don't know

03

Digital public sphere

COOPERATION

INNOVATION

NEW ID CARDS

What's new?

- Built in chip with QES
- Biometrics data
- Easy integration with future systems

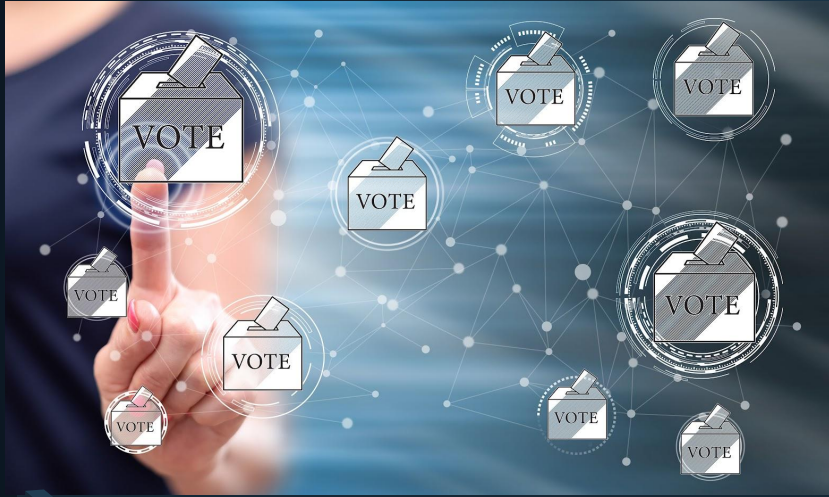

A person's hands are shown typing on a laptop. The laptop screen and the surrounding area are overlaid with a complex, futuristic digital interface. This interface includes a network of blue lines and dots in the upper left, a series of blue folder icons connected by lines in the center, and a large, glowing white document icon on the right. The background is a blurred office setting with a window showing a bright blue sky. The overall aesthetic is high-tech and modern.

ALL IN ONE

NO MORE PAPER

ONLINE VOTING? WHY NOT?

SECURE

FAST

EASY TO USE

THANKS!
